**COMMUNICATION TO THE EXAMINER**

Assistant Commissioner of Patents  
Washington, D.C. 20231

Dear Sir:

The present Communication is a response to two issues discussed by the Examiner in the Advisory Action of October 10, 2000. Particularly, the present Communication responds to (1) the issue of a properly signed Terminal Disclaimer, and (2) the issue of whether the IDS filed on September 1, 2000 should be considered even though the IDS lacked the petition fee set forth in 37 C.F.R. 1.17(i).

Regarding the IDS of September 1, 2000, two references were disclosed: (1) GB 2278609 and (2) GB 2299999. GB 2278609 claims priority from U.S. Application Serial No. 08/070,510, which is the same application from which the present application claims priority. GB 2299999 claims priority from U.S. Patent No. 5,713,802, which was already disclosed in the Information Disclosure Statement dated April 8, 1999 and considered by Examiner Raeann Gorden on March 1, 2000. Since GB 2278609 is the

same as U.S. Application Serial No. 08/070,510, which is the application that the present application claims priority from, and GB 2299999 is the same as U.S. Patent No. 5,713,802, which was already considered by the Examiner, no further consideration of those two references is required. However, to ensure that these documents are noted as being of record in this application, Applicants have included the appropriate fee of \$130.00 in accordance with 37 C.F.R. § 1.97(d).

Regarding the Terminal Disclaimer, Applicants herein respectfully submit two Terminal Disclaimers signed by Diane F. Covello, one of the attorneys of record on the present application.

If the Examiner has any questions regarding the present application, the Examiner is respectfully requested to contact one of the attorneys below.
